## DDA SERVICES OFFERED

---

---

---

### 1. INDIVIDUAL HABILITATIVE INTERVENTION

---

- ✓ Intervention services are outcome based, therapeutic services delivered by a professional. Children's Therapy Place provides individual intervention services in the home, community, and center. Goals are written to fit the needs of your child and address any behaviors using Evidence Based Treatment (EBT).

---

---

### 2. FAMILY TRAINING

---

- ✓ Family Training is one-on-one instruction by a professional to families on the intervention techniques as outlined in the plan of service. Family training must be provided when the child is present and the parent or legal guardian is required to participate in Family Training when the child is receiving Habilitative Intervention. At Children's Therapy Place we strive to work with the families in order to provide consistency for the child. We demonstrate training and knowledge we have as well as learn from you (the family) what is working and not working.
- ✓ Children's DD Waiver: The amount, duration, and frequency of the training must be determined by the family centered planning team.
- ✓ Act Early Waiver: The parent or legal guardian will be required to be present and actively participate during the intervention service session for at least twenty percent (20%) of the intervention time provided to the child.

---

---

### 3. INTERDISCIPLINARY TRAINING

---

- ✓ Interdisciplinary Training (IT), is a professional instruction to the direct service provider during provision of a support or intervention service. IT is provided to assist the direct service provider in meeting the needs of the child.
- ✓ Children's Therapy Place generally provides IT during OT/SLP/PT services, but they can also be provided during school services and counseling sessions as needed.

---

---

### 4. INDIVIDUAL HABILITATIVE SUPPORT

---

- ✓ Supports provide assistance to children with a disability by facilitating independence and integration into the community.

---

---
