children's therapy place

WHY CHOOSE CTP?

With over 20 years of experience providing therapy services in schools to children of the Treasure and Magic Valleys, Children's Therapy Place has developed a solid understanding of how to collaborate with parents, teachers, and other school staff to provide professional and caring therapy to children.

EFFECTIVE COMMUNICATION

CTP Therapists will begin facilitating therapy services to the student following communication with necessary teachers and staff regarding space and schedule so as not to disrupt the student's ability to continue to receive educational instruction.

PROGRAMS OFFERED ON-SITE OR VIA TELEHEALTH

PHYSICAL THERAPY

Exercise, training, and equipment that enables students to improve functionality, increase strength and mobility, and decrease pain.

OCCUPATIONAL THERAPY

Assist students in honing skills needed to accomplish every day activities (i.e. writing, daily living skills, etc.)

SPEECH & LANGUAGE PATHOLOGY

Training students in communication skills required to better communicate with peers, teachers, and family.

MENTAL HEALTH COUNSELING

Provide individually tailored therapy to help students learn coping skills related to social-emotional needs.
